

# Fundraising Opportunities:

The first half of the year has started sublimely with regards to the Fundraising opportunities being picked up by the school. This weekend we had a successful fundraising event hosting the Hurricane Hot Rod Club from Dunedin. The club was a follow up to the Kurow Cruisers last year and it was nice seeing some familiar faces. 2024 has seen the outstanding 4 Wheel Drive trip through Glenmore and Godley Peaks as a shared event with the Bright Stars Trust, a mid-holiday event for the Tekapo Race, kindly organised by Georgina

Nation and Robyn Millar and most recently this weekend's event organised by Casey and Jason Jeffries. These days do not just happen and rely heavily on parental support in the organisation and hands on deck. Thank you to all our parents, both Kindergarten and School who have assisted us to make these fundraising opportunities possible.
