Policies & Procedures

SchoolDocs provides us with a comprehensive core set of policies which have been well researched and follow the Ministry of Education National Administration Guidelines. The policies and procedures are tailored to fit our school; including school specific information such as our charter, procedures for behaviour management and reporting to parents.

Our policies are monitored by SchoolDocs and updated, modified, or created in response to changes in legislation, significant events, Ministry guidelines, reviews /requests from schools, with regular reviewing from the SchoolDocs team. We will advise you when policies are up for review and how you can take part in this review.
